

# Try Me

## The Weeknd

Any time is the time  
Any time for you to get my call, baby (so, baby)  
Are you alone, baby?  
If he ain't around, pick up your phone, baby  
Whoa Can you try me? (try me), try me (try me)  
Once you put your pride aside  
You can notify me (-fy me), -fy me (-fy me)  
You're the best I ever had  
Baby girl, remind me (-mind me), -mind me (-mind me)  
Let me know if it's on  
And you know where to find me, find me  
Havin' thoughts you never had, yeah  
I didn't know you were down for him finding out  
I thought you had some kind of love for your man  
Well, I'm not tryna break up somethin'  
You've been workin' out, you've been steady  
But I'm ready to go all the way if you let me  
Don't you tempt me  
You're lookin' grown since the last time I looked at you  
It might have been, been about a couple months  
But I just got the picture that you texted to me  
You ain't steady, you look ready to go all the way  
If you let me take you down on me Can you try me? (try me), try me (try me)  
Once you put your pride aside (once you put your pride aside)  
You can notify me (-fy me), -fy me (-fy me)  
You're the best I ever had (you're the best I ever had)  
Baby girl, remind me (-mind me), -mind me (-mind me)  
Let me know if it's on (let me know)  
And you know where to find me, find me (hey)  
Havin' thoughts you never had, yeah  
Can you try me? Try me, try me  
Once you put your pride aside  
You can notify me, -fy me  
You're the best I ever had (you're the best I ever had)  
Baby girl, remind me, -mind me  
Lemme know if it's on (let me know)  
And you know where to find me (find me), find me (find me)  
Having thoughts you never had, yeah Oh, lo  
Lo-lo-lo-lo-lo-lo  
Lo-lo-lo-lo-lo, lo-lo-lo  
Lo-lo-lo-lo-lo-lo  
Better try me (Don't you mess with me)

(Don't you mess with me)  
(The way I kissed your scars)  
(The way I fixed your heart, oh)  
(Don't you miss me, babe?)  
(Don't you miss me, baby?)
