

# I Am Not Alone

Fred Hammond

For waking me up  
Starting me on my way  
Knowing your love  
Delivering me anything I'm never alone  
That is your promise to me  
When your alone  
I'll have the truth here with me So I'll dance  
And I'll sing and celebrate with you  
Because I know Lord I am not alone  
I'm not on my on  
Lord, your with me  
You are with me  
I have never seen the righteous forsaken  
I am not alone (I am not alone yeah) When times were rough  
You always made a way  
(Lord, you always come through)  
Thank you so much  
I'll forever bless your name (I'm never)  
I'm never alone  
That is your promise to me  
When your alone  
I'll have the truth here with me So I'll dance  
And I'll sing and celebrate with you  
Because I know Lord  
I am not alone  
I'm not on my on  
Lord, your with me  
You are with me I have never seen the righteous forsaken  
(No, say it again)  
I have never seen the righteous, the righteous forsaken  
I have never seen the righteous forsaken  
(Never seen the righteous forsaken. I, I...) I am not alone He promised never to leave me Never  
(Uh!)
