

# Good Lava

## Esperanza Spalding

See this pretty girl  
Watch this pretty girl flow Lone ranger  
I see you at the view  
Wondering from a distance what my pretty pea can do  
Come bring me  
(See this pretty girl flow, watch this pretty girl flow) Don't march up  
In your discerning shoes (see this pretty girl)  
I see right through the cool air around your blowing fuse  
So let loose  
The mountain  
Oh, good times  
Good lava  
We all know you wanna  
See this pretty girl flow (good lava, wait 'til you feel it)  
You want it (if you believe it's good)  
With this pretty girl flow (wait 'til you feel it) Good lava  
(See this pretty girl flow, watch this pretty girl flow, see this pretty girl)  
Good lava  
(See this pretty girl flow, watch this pretty girl flow, see this pretty girl) You stranger  
One day I'm gonna be (watch this pretty girl)  
Planting your own flight of conquered fear and fantasy  
Right on me (watch this pretty girl flow, watch this pretty girl flow)  
(Watch this pretty girl flow, watch this pretty girl flow)  
With this pretty girl flow  
Promise not to leave me and I'll even let you climb  
Inside  
My mountain  
Oh, good times  
Good lava  
We all know you wanna  
See this pretty girl flow (good lava, wait 'til you feel it)  
You want it (if you believe it's good)  
With this pretty girl flow (wait 'til you feel it)  
See this pretty girl flow (good lava, wait 'til you feel it)  
You want it (if you believe it's good)  
With this pretty girl flow (wait 'til you feel it) Good lava  
(See this pretty girl flow, watch this pretty girl flow, see this pretty girl)  
Good lava  
(See this pretty girl flow, watch this pretty girl flow, see this pretty girl)  
Oh, good times  
Good lava

We all know you wanna
