

Nature's Interface

Haujobb

Cities close to the seas
Calming objects to me
Trying to keep it in memory
Before all illusions leave A dead letter
"First contact, growing fear"
Life lessons, like old time movies
Casting a deadly spell, running scared A memory play
Cities beneath the seas
Brave new system Those last legends wanted
Dead or alive
The world sounds so small
Haunting passion
Duplicates minutes after noon
Attached visitor's choice
The force of nature's interface
Homeward fear inside
The color of authority in suspicious minds
Redemption
