

# Love Like Kerosene

Gregg Allman

I've been spendin' all my money  
Started smokin' cigarettes  
I've been sleepin' with the bottle  
She's not finished with me yet She's like bad bad whiskey  
A devil in a feverish dream  
But I'm not going into fire  
Her love like kerosene Said she'd meet me in the alleyway  
'Round quarter to twelve  
Gonna bring me some of those good green leaves  
We're gonna raise some hell  
'Cause like bad bad whiskey  
A devil in a feverish dream  
And I'm not sleeping near the fire  
Her love like kerosene Well I know I'm not a young man  
And it's time to settle down  
But all my mind is so messed up  
Every time she comes around  
She's like bad bad whiskey  
A devil in a feverish dream  
But I'm not sleeping near the fire  
Her love like kerosene  
I'm not going near the fire  
Her love like kerosene  
I'm not going near the fire  
Her love, her love's like kerosene
