

Hurricane

[Mindy Smith](#)

I felt the
Faint trace of thunder
Rattle this old house
I saw the fire light the sky
But there's no sign of rain anywhere I need a hurricane
To empty out this place
Seems it's the only way
To salvage any sense I have left
To move on
I'm waiting
To hear your voice again
And lighten up this heart
I'm holding on to stupid memories
But I see you in every little thing I need a hurricane
To straighten out this place
It maybe the only way
To salvage any sense I have left
To move on I need a hurricane
To ravage through place
I think it's the only way
To salvage any sense
I have left
To move on
I felt the
Faint trace of thunder
But there's no sign of rain anywhere
No, there's no sign of you anywhere
