

# Nobody (feat. Jade Novah & Cynthia Erivo)

## Todrick Hall

You got those, you got those mystic eyes  
You are my, you are my kryptonite  
Let me fall for you  
(Let me fall for you)  
You got that, you got that magic touch  
Know how to, know how to make me blush  
Give my all to you What's a girl like me supposed to do  
When someone like you walks into the room  
And you sweep me off my feet like a broom  
And I can't deny I'd die if I had a dime  
For every kiss you sent through the air  
I'd be rich, or love, be a billionaire  
I'm falling for you, deeper, harder every time  
And I don't want nobody  
Nobody else will do  
Nobody but you, my love  
Nobody but you, my love  
And I don't want nobody  
Nobody else will do  
Nobody but you, my love  
Nobody but you, my love Nobody, nobody, no-  
Nobody, nobody, nobody but you will do  
Nobody, nobody, no-  
Nobody, nobody, nobody but you will do  
You got that, you got that warm embrace  
Running for love from a second base  
But I'm safe, I know  
(Yeah I'm safe, I know)  
You are one, you are one of a kind  
I wanna, I wanna call you mine  
Will you say hello?  
(Hello, would you say hello?) What's a girl like me supposed to do  
When someone like you walks into the room  
And you sweep me off my feet like a broom  
And I can't deny I'd die if I had a dime  
For every kiss you sent through the air  
I'd be rich, or love, be a billionaire  
I'm falling for you, deeper, harder every time And I don't want nobody  
Nobody else will do  
Nobody but you, my love  
Nobody but you, my love  
And I don't want nobody

Nobody else will do  
Nobody but you, my love  
Nobody but you, my love Nobody, nobody, no-  
Nobody, nobody, nobody but you will do  
Nobody, nobody, no-  
Nobody, nobody, nobody but you will do And I don't want nobody  
Nobody else will do  
Nobody but you, my love  
Nobody but you, my love  
And I don't want nobody  
Nobody else will do  
Nobody but you, my love  
Nobody but you, my love Nobody, nobody, no-  
Nobody, nobody, nobody but you will do  
Nobody, nobody, no-  
Nobody, nobody, nobody but you will do And I don't want nobody  
Nobody else will do  
Nobody but you, my love  
Nobody but you, my love
