

# Beneath a Moonless Sky

Andrew Lloyd Webber

Christine: I should have known that you'd be here  
I should have known it all along  
This whole arrangement bears your stamp  
You're in each measure of that song  
How dare you try and claim me now?  
How dare you come invade my life?Phantom: Oh, Christine, my Christine  
In that time when the world thought me dead  
My Christine, on that night just before you were wed  
Ah, Christine, you came and found where I hid  
Don't you deny that you did  
That long ago nightChristine: That night...  
Phantom: Once there was a night  
Beneath a moonless sky  
Too dark to see a thing,  
Too dark to even tryChristine: I stole to your side  
To tell you I must go  
I couldn't see your face  
But sensed you even so  
And I touched you  
Phantom: And I felt you  
Both: And I heard those ravishing refrains  
Christine: The music of your pulse  
Phantom: The singing in your veinsChristine: And I held you  
Phantom: And I touched you  
Christine: And embraced you  
Phantom: And I felt you  
Both: And with every breath and every sigh  
Christine: I felt no longer scared  
Phantom: I felt no longer shy  
Both: At last our feelings bared  
Beneath a moonless skyChristine: And blind in the dark,  
As soul gazed into soul  
I looked into your heart  
And saw you pure and wholePhantom: Cloaked under the night  
With nothing to suppress  
A woman and a man,  
No more and yet no less  
And I kissed youChristine: And caressed you  
Both: And the world around us fell away  
We said things in the dark  
We never dared to sayPhantom: And I caught you  
Christine: And I kissed you

Phantom: And I took you  
Christine: And caressed you  
Both: With a need too urgent to deny And nothing mattered then  
Except for you and I  
Again and then again  
Beneath a moonless sky Phantom: And when it was done  
Before the sun could rise  
Ashamed of what I was,  
Afraid to see your eyes  
I stood while you slept And whispered a goodbye  
And slipped into the dark  
Beneath a moonless sky  
Christine: And I loved you  
Yes, I loved you  
I'd have followed anywhere you led  
I woke to swear my love  
And found you gone instead  
Phantom: And I loved you (How I loved you)  
And I left you (how I loved you)  
And I had to, both of us knew why (We both knew why)  
Both: And yet I won't regret  
From now until I die  
The night I can't forget  
Beneath a moonless sky Phantom: And now?  
Christine: How can you talk of now?  
For us, there is no now
