## Voodoo Glow Skulls

I can't see why you're so upset  
What you see in front of you  
You'd wish you could forget the scenery  
Isn't pretty to you so you change your ways  
To set you apart nazican Now that you think  
You're someone else nazican  
Standing up for something  
That doesn't make much sense nazican It's not something that's inherited nazican  
It's something that's planted inside your fucking head  
It's not something that's inherited nazican  
It's something that's planted inside your fucking head
