

# Why

## Shaggy & Massari

I wouldn't have it any other way  
If I could roll you I'd be smoking everyday (Bad Man)  
Cause everytime you come around the way  
All I seem to think about is you on top of me  
Girl pick up Damn you got me saying  
When i feel the rush i know you're taking over me (BAD MAN)  
Contol it now  
Holding down the waist  
Turn that thing around until you begging for a break  
Why oh why oh why (why oh)  
You got this thing about you  
You don't even try  
And they got nothing on you  
Why oh why oh why (why oh)  
Girl when i get around you  
I can't even lie  
I want a bit of what you got  
Gal if you take it all off  
Then i wanna be a witness  
Testify case closed when me fixed it  
Just a little time we a spend make me invest  
So gimmie gimmie all of the love plus the interest  
Mister lover inna full control  
So anything you want my girl let me know  
Girl you body boom its time to explode  
Just give me that access code  
Why oh why oh why (why oh)  
You got this thing about you  
You don't even try  
And they got nothing on you  
Why oh why oh why (why oh)  
Girl when i get around you  
I can't even lie  
I want a bit of what you got  
Gal me want you come this'a way my direction  
Don't deviate cause i don't see a next man  
No choice one candidate no question  
You get my vote gal you win the election  
Main attraction you star the show  
So when me cast you girl me nah'go let go  
And if your knees go past your elbow  
That make my head explode

Why oh why oh why (why oh)  
You got this thing about you  
You don't even try  
And they got nothing on you  
Why oh why oh why (why oh)  
Girl when i get around you  
I can't even lie  
I want a bit of what you got  
Why oh why oh why (why oh)  
You got this thing about you  
You don't even try  
And they got nothing on you  
Why oh why oh why (why oh)  
Girl when i get around you  
I can't even lie  
I want a bit of what you got
