

# 50 Cent

## Dean Blunt

I want a girl doesn't want me back  
(I cannot believe you)Try letting go but I can't read maps  
(You're back again, you're back again)Got a new n\*\*\*\*\* now he can't be found50 coming and  
they know my name  
(I cannot believe you)Got a new girl riding and I hope she dead  
(You're back again, you're back again)In these streets we got no shame  
(I cannot believe you are back again, you're back again.  
I cannot believe you are back again, you're back again.  
When I'm somewhere else.  
Then to look away.  
Never watching out.)  
All my n\*\*\*\*\*'s who think they knew  
If you know how I feel.  
Never miss with an explosive yeah  
(Back again, back again)
