

Girls Don't Like Boys, Girls Like 40's and Blunts

Emmure

Take another hit.
Feeling dangerous?
Let me show you how to let go and lose your grip.
Take another hit.
Feeling dangerous?
Let me show you how to change your perspective.
24 hours of lust and regret.
You might hate me when it's done but you'll never forget.
With my hands around your neck.
Raping your soul with drugs and sex.
I wanna fuck your pretty face.
Join the club and tell me how does it taste?
Hit me up.
I know exactly what you want you fucking slut.
Daddy doesn't love you enough.
So hit me up and tell me how it is you wanna get fucked?
You stupid fucking slut.
It's no surprise, daddy doesn't love you enough.
You stupid fucking bitch.
Yeah, you know what daddy likes.
