

Elephant

Page France

Hey Mr. Elephant there's been an accident down here
You and your trickery played a trick on me down here
Hey, Mr. Elephant it's important that you see
That there is a big reward if you cooperate with me
Hey, Mr. Flower Jar there's a curtain call out
here
You made it look so real we could almost feel you here
Hey, Mr. Flower Jar we've all cleared a space for you
You've got a heart of gold and your performance sold the news [this part is a round]
I will give you all of this if you will praise me
If you will praise me
Fly into the ground Like an airplane
Like an airplane
Fly into the ground You'll be given all of this
If you believe it
If you believe it
Fly into the trees And pick the best one
Pick the best one
Fly into the ground
