

Almost Home (feat. Nadia Ali & IRO)

Sultan + Shepard

As you came into my life
I knew I would be your wife
the choice I had I couldn't
make when I leave remember that
I'll be back again
I'll be back again
Search (or touch) of heart
kiss you faith open palms will dissipate
carry me through the haze
when you fall, you're the one
Always on my mind
All the lass and all the pain
I move in no time to waste
Hold on baby
I'm Almost Home
I'm Almost Home
I'm Almost Home
I said Hold On baby
I'm Almost Home
I'm Almost Home
I'm Almost Home
Will you call for me
Will you wait and see
What you mean to me
I said hold on love
Will you call for me
Will you wait and see
What you mean to me
I said hold on hold on
oh... oh... oh... hold on hold on oh oh oh hold on hold on oh... oh... hold on hold on
Hold on baby I'm almost home
I'm almost home
I'm almost home
I'm almost home
