

# Meaning of Life

## Disturbed

Get psycho  
I wanna get psycho  
Get psycho  
I wanna, wanna, wanna, wanna I wanna get psycho  
Run you little bitch  
I want your power flowing, juicy glowing, red hot  
Meaning of life  
It's not enough to have a little taste  
I want the whole damn thing  
Now can you dig it  
Need to get psycho  
Wanna hear you say it  
Say you want it, need it  
Don't wanna wait until we finish the show  
It's not enough, you hunger for more  
You're one twisted little fuck  
And now you wanna get psycho with me  
Give in, give in, decide, give in  
Give in, give in, decide, give in  
Give in, give in, decide, give in  
Give in, give in, decide, give in Get psycho  
I wanna get psycho  
Get psycho  
I wanna, wanna, wanna, wanna I wanna get psycho  
Scratch my itch  
Give me your power flowing, juicy glowing, red hot  
Meaning of life  
It's not enough to have a little piece  
I want the whole damn thing  
Now can you dig it  
Need to get psycho  
Wanna hear you scream  
Tell me to take you, scare you, fuck you  
After we finish the show  
It's not enough, you listening whore  
You're one twisted little fuck  
And now you wanna get psycho with me  
Give in, give in, decide, give in  
Give in, give in, decide, give in  
Give in, give in, decide, give in  
Give in, give in, decide, give in I can feel the blood flowing through my veins  
Spilling on my soul

And now the hunger is getting bigger  
Come a little closer now, pretentious whore  
And pull my trigger  
Free the violence that is building in me  
I say now: End of the ride, murder, suicide  
Is how I've been feeling lately  
Come a little closer now, pretentious whore  
I'm reeling with the feeling that I can't ignore  
Come a little closer now, pretentious whore  
I'm reeling with the feeling that I can't ignore  
Come a little closer now, pretentious whore  
I'm reeling with the feeling that I can't ignore  
The need to get psycho is not a question to me  
Get, get, get, get  
Get psycho  
Get, get, get  
I wanna get psycho  
Get, get, get, get  
Get psycho  
Get, get, get  
I wanna, wanna, wanna  
Get psycho  
Get, get, get  
I wanna get psycho  
Get, get, get, get  
Get psycho  
Get, get, get  
I wanna get psycho  
Wanna, wanna, wanna, wanna
