Hey, girl, this is your song, let's see that badonkadonkdonk  
I'mma try to do the things that you don't  
Baby, it's yo party, I just wanna play  
What's that sound? What's that thang that's got me like wow?  
I'm tryna beat beat it up twelve rounds Girl, look at that body, I just gotta say  
When you back back back back back it up  
And you drop it down low  
And you pick pick pick pick pick it up  
Girl, I'm ready to blow  
I'mma stack stack stack stack stack it up  
And I'm spending it all  
When I throw throw throw throw it up  
Start twerkin' like Miley  
Twerkin' like Miley  
Start twerkin' like Miley Twerkin' like Miley  
You got everybody in this club lookin' at you girl  
How you move that thing from side to side Fuck everybody in this club, cause I got you girl  
I'mma tell you what's goin' down tonight  
Girl, it's gon' rain, that's that sound  
That's that shit that's got you like wow And would you let me beat beat twelve rounds  
Baby, look at that body, I just gotta say  
When you back back back back back it up  
And you drop it down low And you pick pick pick pick pick it up  
Girl, I'm ready to blow  
I'mma stack stack stack stack stack it up  
And I'm spending it all  
When I throw throw throw throw it up  
Start twerkin' like Miley  
Twerkin' like Miley  
Start twerkin' like Miley  
Twerkin' like Miley  
(Christopher)  
Now you wore them jeans So I can see that thong, thong, thong, thong, thong, thong, thong,  
thong, thong  
thong  
Pop it like Miley  
And don't forget that tongue, tongue, tongue, tongue, tongue, tongue, tongue, tongue  
tongue, tongue  
Twenty more shots

Then I pass out  
That's what I'm aiming for  
Baby, let me drown  
When I wake up  
Still in the club  
Looking at the DJ  
Like turn my shit up  
So when the beat, beat, beat, beat, beat drop  
Get your ass on the floor  
Start twerking like Miley  
Start twerking like Miley  
(Go get it, get it girl)  
Start twerking like Miley  
Start twerking like Miley  
Right beside me  
(Go)  
Start twerking like Miley  
Twerk it like Miley  
Start twerking like Miley
