

Bracelet

Lauv

Didn't know what I wanted, I'll admit that
Still don't know what I'm wanting, I'll be honest
I'm not ready to let you go, no I walk down memory lane late at night
I end up losing my way every time
I wake up missing you more
Oh why did I take her back? I used to have you, now I have this bracelet
I used to have you, now I have this bracelet
I let you go, but baby, I'm gonna wear it
Until I need to, until I need you
All I know is I can't face it
I used to have you, now I have this bracelet
I let you go, but baby, I'm gonna wear it
Until I need to, until I need you
Ain't no way I could toss it, I'll admit that
That don't mean that I need her
Keep you wrapped around my wrist, oh no I walk down memory lane late at night
I end up losing my way every time
I wake up missing you more
Oh why did I take her back? I used to have you, now I have this bracelet
I used to have you, now I have this bracelet
I let you go, but baby, I'm gonna wear it
Until I need to, until I need you
All I know is I can't face it
I used to have you, now I have this bracelet
I let you go, but baby, I'm gonna wear it
Until I need to, until I need you
And another day is passing by
Oh, I still need you
Oh, I still need you
And another day is passing by
Oh, I still need you
Oh, I still need you
All these melatonin tears I cry
Oh, I still need you
Oh, I still need you
Oh, I still need you I used to have you, now I have this bracelet
I used to have you, now I have this bracelet
I let you go, but baby, I'm gonna wear it
Until I need to, until I need you
All I know is I can't face it
I used to have you, now I have this bracelet
I let you go, but baby, I'm gonna wear it

Until I need to, until I need you I walk down memory lane late at night
I end up losing my way every time
I wake up missing you more
Just missing you more, oh
'Cause it couldn't [?]
B-bye, bye, bye, bye, bye bye
B-bye, bye, bye, bye
'Cause it couldn't [?]
B-bye, bye, bye, bye, bye bye
Missing you more, oh I
