

Young Kobe

The Underachievers

All my niggas bout they business
Ronnie made off with the chicken
Nigga stash it as I get it
And I never dropped a rock
I'm a fiend I'm like Lebron
I'm like Mussolini
Genghis Khan
A Leader of the town No hype beasts I'm Undeclared
Flow so cold might be anemic
AK is comparing his flow to Anemia, which can cause your hands and feet to be cold.
Rise like Phoenix
Day n' night
We blowing Keisha
Know I need it
What's ya fantasy I treat It
Lick her down and from the feet up
Got my crown [?] i beat up
Gotham City I'm your leader Been a minute since I payed any y'all some attention
I'm like Young Kobe with the bars, got the Godly precision
And I ain't worried bout no drama cause Karma be with em
Plus I'm lieutenant send an army and niggas gon' split em
My niggas bang Glocks, don't make em bang cops
My fuckin' city keep it's bangs cocked, to make a lame drop
You see who with me nigga [?], I bet your gang flop
You niggas silly, got your main [?] she give me straight top when she be with me
This nigga think he really got it double fix your block up
I'm rollin' choppers out the sticky nigga know i stalk up
I'm duckin' cops, I keep my opps, [?] for them black Impalas
We live on top and got no worries like Hakuna Matata, who gon' stop us Know I got a open
