

Self Destruction

Boogie

[Intro]

Yo yo yo

This my self destruction

This my self-

I don't give no fucks when

Aw man I'm extra as fuck

Yo yo[Hook]

It go somethin' somethin' somethin'

Can't remember nothin'

Still don't give no fucks when

Wildin' out in public

This my self destruction

Somethin' somethin' somethin'

Can't remember nothin'

Wildin' out in public

[Verse 1]

Oh shit this that part I say I'm livin' what I rap 'bout

Talkin' bout your debit 'til your street cred get you maxed out

I ain't read yo' caption I just seen she had her ass out

Bragging 'bout your xannies 'til I'm smackin' while you passed out

This that actin' loyal then go single for the weekend

She keep ridin' and I'm keepin' this ain't just no cuffin' season

Woah, shit

This shit stupid, foolish, ruthless, and it's genius and it's somethin' somethin', fuck

Then forgot what I was thinkin' 'til the time I fuck a singer

I can't say that I'm that guy like that night I drunk text SZA

Then got hot she ain't reply, woah

This for bitches strippin' whippin' ubers on the side

Don't be stupid this that fire

Oh shit I forgot my line

[Hook]

It go somethin' somethin' somethin'

Can't remember nothin'

Still don't give no fucks when

Wildin' out in public

This my self destruction

Somethin' somethin' somethin'

Can't remember nothin'

Wildin' out in public[Verse 2]

Yo yo, aw man

I told myself I won't gon' wife up no more ratchets I'm stoppin'

I told my mama I won't go back then I went back on my promise

Yeah this that act like we don't know this where our actions have got us
You know my son ain't have no money braggin' 'bout Benihana's
But it's still fuck your broken system, postin' pictures, postin' scriptures, hoes and niggas, bros
and snitches, co-defendants, rollin' skimps, your frozen wrist, your goals and missions
'cause you ain't got no hoes still
Come thru kill your whole will
Now you look like roadkill
Oh shit, I don't know still[Hook]
It go somethin' somethin' somethin'
Can't remember nothin'
Still don't give no fucks when
Wildin' out in public
This my self destruction
Somethin' somethin' somethin'
Can't remember nothin'
Wildin' out in public
Oh shit this that...
