

# It's All Love

## Rock Star Supernova

Everybody likes the easy way out  
Nobody tells it like it is no more  
You took a hit and then you blew it out  
That light inside that shine before  
Never had a hunt that loved this much  
Never felt enough to call it hate  
If you can let a thing screw you up  
It's not too late  
It's always so close then you pull it away  
And anything goes then it goes a stray  
And what are you left with at the end of day? yeah  
It's all love  
It's all love  
It's all love  
Yeah

Nothin' left but the sound of doubt  
Pourin' out the heart that you live in  
No one tryin' to help you figure it out  
Does anybody see the signs you're givin'  
Never had a hunt that loved this much  
Never felt enough to call it hate  
If you can let a thing screw you up  
It's not too late  
It's always so close then you pull it away  
And anything goes then it goes a stray  
And what are you left with at the end of day? yeah  
It's all love  
It's all love  
It's all love  
Yeah, yeah

Is anybody listening to what I'm trying to feel?  
(I wish I knew)  
Is anybody feeling anything that's real?  
(I wish I knew)

Is anybody really gonna help me to this hole inside of you?  
It's always so close then you pull it  
away

And anything goes then it goes a stray  
And what are you left with at the end of day? yeah  
It's all love  
It's all love  
It's all love

It's always so close then you pull it away  
And anything goes then it goes a stray  
And what are you left with at the end of day? yeah

It's all love  
It's all love  
It's all love  
Oh
