Automatic

[Aubrey O'Day](#)

When I'm on a dance floor
When, when I'm on a dance floorLook at my body, it's so official
Every time they see me, they shoot over like a missile
Just wanna party, don't mean no issues
If that's your girlfriend over there, I think she miss youWhen I'm on, when I'm on the dance floor
Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my body goBegging for it now
Spinning 'round and 'round
Wanna tear it down
I can't control it
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automaticThey crowd around me every time I enter
You could see their heart beat pumping louder than a speaker
So get up off me with all them whispers
'Cause I'm the type of girl that's gonna hurt your feelingsWhen I'm on, when I'm on the dance floor
Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my body goBegging for it now
Spinning 'round and 'round
Wanna tear it down
I can't control it
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automaticWhen I'm on the dance floor
Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my bodyWhen I'm on the dance floor
Tell the DJ give me more
Up so loud, the speakers blow
The beat makes my body goBegging for it now
Spinning 'round and 'round
Wanna tear it down
I can't control itWhen the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automaticWhen the beat goes boom, I hit the room

My body goes on automatic, automatic, automatic, automatic
When the beat goes boom, I hit the room
My body goes on automatic, automatic, automatic, automatic
