

No Love (feat. Nicki Minaj)

August Alsina

August
She said she want to stay together (Young money) I don't think I can ooh
I swear this is my favourite song
I'm serious
Red light
You know I can't make this thing that official
Believe we had a great night
But I ain't the type to tell you that I miss you, shit
You don't like that, I make this easy, leaving
After sexing on the floor
Baby, I know you need me like I need you
But I'm not the one you wanna love
So just pop a couple bands with a nigga like me
Loving ain't the same with a nigga like me
You use to them but ain't no loving me
I hear what you would say and girl it's clear to see
You should just drink a couple drinks with a nigga like me
You probably go insane with a nigga like me Let's just party till we can't, ain't no loving me
And I'm the one to blame, ain't no loving me
So don't come looking for love
No love
Don't come looking for love
No love
Shorty if you looking for somebody tryna settle down
Probably won't be around, nah baby
You should hit me when you tired of playing up in the house and ain't nobody around
You need that
When you need that late night
We can both make love to the daylight You got it girl, you got it girl
But you know I can't stay right? Nah babe
All I want is you so what you tryna do?
So just pop a couple bands with a nigga like me
Loving ain't the same with a nigga like me
You use to them but ain't no loving me
I hear what you would say and girl it's clear to see
You should just drink a couple drinks with a nigga like me
You probably go insane with a nigga like me Let's just party till we can't, ain't no loving me
And I'm the one to blame, ain't no loving me
So don't come looking for love No love
Don't come looking for love
No love
August you know

I'm here to save you
me and them girls we ain't the same booyou know I hate
when you leave me
cause you want it then you leave it but you know how bad I need it
you so fucking conceited why coming overheated
you can't treat me like you treat them
yes I am the creme de la creme
yes I am the one for ten, ten
you fronting in them streets keep saying we just friends
well you can't like this way balla
i know you hard I know that you a killa
I know you start off a dope dealer
but let you guard down ya niggas know you fell it
so what you want baby
all i want is you so what you tryna do
pop a couple bands with a nigga like me
Loving ain't the same with a nigga like me
You use to them but ain't no loving me
I hear what you would say and girl it's clear to see
You should just drink a couple drinks with a nigga like me
You probably go insane with a nigga like me
Let's just party till we can't, ain't no loving me
And I'm the one to blame, ain't no loving me
So don't come looking for love
