

Expensive Love

Vicky Cryer

Expensive Love! Everytime the lights glare
All around it seems so fake
I wanna keep our love save
From the jackals and the snakes When i had you on the front porch
You know you had me too
I want you every night now
Ooooooh I love it when you're lookin' at me
Like i'm yours, your only man I know you think it's something to see, baby
You know i understand I wanna make our love feel expensive
I love it when the cheap feels expensive too
I wanna make our love feel expensive
When i'm with you, when i'm with you
I wanna feel your love this expensive
Does expensive love make it all more true
I wanna make our love feel expensive
Your room with a view ooh, ooh ooh
Oh expensive love! This summer seems so reckless
With you i never care
When i see you in the morning
You complain about your hair
Oh, i can't buy you diamonds
But i swear my words are true
Tell me what your heart costs
Ooooooh I can tell when you're too gone to see
You know i understand, i understand I love it when you're lookin' at me
Like i'm yours, like i'm your man I wanna make our love feel expensive
I like when the cheaps feel expensive too
I wanna make our love feel expensive
When i'm with you, when i'm with you
I wanna feel your love this expensive
Does expensive love make it all more true
I wanna make our love feel expensive
You're my room with a view ooh, ooh ooh I wanna make our love feel expensive
I like when the cheaps feel expensive too
I wanna make our love feel expensive
When i'm with you, when i'm with you I wanna feel your love this expensive
Does expensive love make it all more trueuuuuue
I wanna make our love feel expensive
You're my room with a view ooh, ooh ooh
Oh Expensive love!
