

# Girlfriends

Jamie O'Neal

I've been starin' all day at the same computer screen  
Around here I'm treated like I'm just some damn machine

I punch in

I tune out

Nobody cares what I'm all about

But at five that ends

They're waitin' for me

My girlfriends Yeah yeah yeah

We're gonna get loud

No doubt

We're gonna get crazy

Yeah yeah yeah

Who cares if we do some damage to our reputation

Guys can come and go

Life can turn around

And let you down

So fast

But if you need that one sure thing that's gonna last

Girlfriends kick ass

(See the thing about a girlfriend is)

It doesn't even matter if I show up in a bad mood

They're gonna make me laugh and change my attitude

Here's to one more

And me and my girls out on the floor

We'll dance all night long

So come on mister DJ play our song Yeah yeah yeah

We're gonna get loud

No doubt

We're gonna get crazy

Yeah yeah yeah

Who cares if we do some damage to our reputation

Guys can come and go

Life can turn around

And let you down

So fast

But if you need that one sure thing that's gonna last

Girlfriends kick ass

When we're together I can't help feelin' fine

Oh yeah everything's all right

Tomorrow's comin'

It'll be here soon enough

But nothin's buggin' us tonight Yeah yeah yeah

We're gonna get loud  
No doubt  
We're gonna get crazy  
Yeah yeah yeah  
Who cares if we do some damage to our reputation  
Guys can come and go  
Life can turn around  
And let you down  
So fast  
But when you need that one sure thing that's gonna last  
Girlfriends kick ass Oh yeah  
Talk about my girlfriends  
Come on come on  
Talk about my girlfriends  
You know it baby  
Talk about my girlfriends  
Talk about my girlfriends
