

# Amarillion (Dan Sena's First Kiss Euphoric Remix)

## Datarock

I wanna hold your hands tonight  
I wanna walk you home from school  
I wanna take you on a date  
I wanna treat you like a fool Now don't you worry about me  
New romantic  
I wouldn't worry 'less she'll agree I wanna hold you in my arms  
I wanna squeeze you good and tight  
I wanna fly you to the moon  
I want to dance with you all night Now don't you worry about me  
New romantic  
My good intention, you'll see, is authentic  
Caus I know loving ain't easy  
Although it's easy on the eyes  
Both when appalling and pleasing  
Love is alright Take me on, Amarillion  
Take on me, Amarillion I wanna hold your hands tonight  
(Must have been something she said)  
I wanna walk you home from school  
(Ch-ch-changes)  
I wanna take you on a date  
(Cut away thoughts with the one armed scissor)  
I want to treat you like a fool  
(He's gonna treat her mean and cool) Now don't you worry about me  
New romantic  
My good intention, you'll see, is authentic.  
Caus I know loving ain't easy  
Although it's easy on the eyes  
Both when appalling and pleasing  
Love is alright Take me on, Amarillion  
Take on me, Amarillion Take me out, Amarillion  
Take me in, Amarillion
