

# The Glow of Love (LP Version)

## Change

Flower's bloomin', mornin' dew  
And the beauty seems to say  
It's a pleasure when you treasure  
All that's new and true and gay  
Easy livin' and we're givin'  
What we know we're dreamin' of  
We are one havin' fun  
Walkin' in the glow of love  
Walking, ooh, whoa, ho... oh... whoa...  
Smilin' faces, goin' places  
It's a wonder, it's so clear  
By a fountain, climbin' mountains  
As we'll hold each other near  
Sippin' wine, we try to find  
That special magic from above  
As we share our affair  
Talkin' in the glow of love  
Oh, oh, ooh...  
In the glow of love  
Ooh... ooh... ooh... (Here in glow of love) You're a shinin' star  
(Here in glow of love) No matter who you are  
(Here in glow of love) So I want to let you know you move me, yeah, yeah  
(There is no better way to be) Hold me, caress me  
(I'm yours forever and a day) We are a sweet bouquet, ey, hey  
(Seasons for happiness are here) Can you feel it all around you  
(Reason we're filled with cheer is we're in rapture it in the glow of love) Ooh... ooh... ooh...  
ooh... oh...
