

Black And White

Nasty C & Ari Lennox

Let me in your temple
Show me what you into
It could be so simple
Black and white, yeah
You come first like rent due
I see our potential
It could be so simple
Black and white, yeah I'll tell you some shit
I'll show you some shit
I'll buy you some shit
Put you on to some shit
Be the hand that catch your tears and still be your shoulder and shit
And if they can't be stopped from falling, help you get over that shit
I'm your bridge
You need to cross over and change how you live
I know something got you stiff
I got a lot of this love to give
I want you to call dibs
I got some land inside of ribs
Beating for you, can you hear?
And just like any home, you've gotta pay your bills
And promise not to disappear
I got a list
One, never give up on you or me or us
Two, you gotta be patient with me like I'm patient with you
I don't like to be rushed
Three, these hoes'll pretend to be happy for you
You gon' have to learn to call their bluff
Cool?
Cool
Four, mmm, nah, you got it
I know you're the one
We're the perfect two
Future with you bright as my teeth, long as bamboo
Walked in the room
Caught my view
And I just knew that was cue to walk right through
Extend my hand just like real gentlemen do
'Cause I'm well raised and I'm well groomed
Hi, I'm
Ooh, nice to meet you
Let me in your temple

Show me what you into
It could be so simple
Black and white, yeah
You come first like rent due
I see our potential
It could be so simple
Black and white, yeah
Don't make it complicated
I'll be your peace, you be my baby
Cut off my bitches for my favourite
Black and white, yeah
Black and white, yeah
So call me, baby
'Cause you be putting it down on me
In my bed
On your stairs
When we loving you know we don't care
All mine
Like wine
Say ain't no bitch that got your heart pumpin' like I
Fall in love deeply when I look in your eye
Fantasy the way you carry me, Mariah Let me in your temple
Show me what you into
It could be so simple
Black and white, yeah
You come first like rent due
I see our potential
It could be so simple
Black and white, yeah
Don't make it complicated
I'll be your peace, you be my baby
Cut off my bitches for my favourite
Black and white, yeah
Black and white, yeah What's all the playing around for?
Just tell me what you're down for
I'm G'd up, like the ground floor
I couldn't be down more
Wherever did your crown go?
You queen, and you and I know
Drop it like it's for download
Link in the bio
I think that you're heavenly sent
Or better yet, girl, you make heaven make sense
That's why your heart got a fence
You let me in and you won't need no defense
An angel told m, you gave heaven its scent Let me in your temple
Show me what you into
It could be so simple
Black and white, yeah

You come first like rent due
I see our potential
It could be so simple
Black and white, yeah
Don't make it complicated
I'll be your peace, you be my baby
Cut off my bitches for my favourite
Black and white, yeah
Black and white, yeah
