

# Take It Away (feat. Ty Dolla \$ign & TK Kravitz)

RL Grime

We just landed in your city, finna set up shop  
Water drippin' off the whoardie, we just let them watch  
Dirty vans, pants up and over Polo socks  
Off a Jay round the way, finna set up shop  
We the wave in the city now we taking off (taking off)  
What it take to make it over, we just work a lot (yeah)  
Saw the way we put it in make her drop her jaw (yeah)  
I'm like oh my god, oh my god, oh my god She like "wait a minute what you told me?"  
You were talking to a version of the old me  
Now you're talking to a version of the cold me  
Off of something while these strangers get to know me  
Take it away, let it go  
Let me know, sip that muddy, take it slow  
Take it away, keep it going  
Let me smoke on something strong and find my zone  
Take it away (skrrr)  
Take it away, take it away  
Take it away, take it away  
Take it away, take it away Take it away, take it away  
Landed in your city 'bout to set up shop (wooh)  
I just got two bad things to lip lock (mwah)  
I can tell they hating but they won't stop (oh)  
You can tell 'em I'ma give it all I got (yeah)  
Take all that hate, by the way, we going up (up)  
Don't show no love (love), I'm feeling numb (hey)  
And my bank account flooded like my wrist though, aye  
Living life on the edge takin' risks though  
She like "wait a minute what you told me?"  
You were talking to a version of the old me  
Now you're talking to a version of the cold me  
Off of something while these strangers get to know me Take it away, let it go  
Let me know, sip that muddy, take it slow  
Take it away, keep it going  
Let me smoke on something strong and find my zone  
Take it away (skrrr)  
Take it away, take it away  
Take it away, take it away  
Take it away, take it away Wooh!  
She like "wait a minute what you told me?"  
You were talking to a version of the old me

Now you're talking to a version of the cold me  
Off of something while these strangers get to know me  
Take it away, take it away  
Take it away (skrrr)  
Take it away, take it away  
Take it away, take it away  
Take it away, take it away
