

# Invincible

## Adelitas Way

Bow down I'm invincible tonight  
I'm alive.  
Take a look into my eyes  
This time I will take you for a ride  
I'm invincible tonight! Believe me, you've never met a motherfucker like me  
Bet you've never seen the things that I've seen  
Bottled up inside  
This time I'm taking back my life. I'm rising up.  
I've had enough!  
I'm feeling invincible tonight  
I'm alive.  
Take a look into my eyes  
This time I will take you for a ride  
I'm invincible tonight!  
I'm feeling invincible tonight  
I'm alive.  
Take a look into my eyes  
This time I will take you for a ride  
I'm invincible tonight!  
I'll break you, in a hundred different ways and I'll make you  
remember my face! Thought that I would let you leave?  
It's hard to stop what you can't see!  
I'm rising up.  
I've had enough! I'm feeling invincible tonight  
I'm alive.  
Take a look into my eyes  
This time I will take you for a ride  
I'm invincible tonight!  
I'm feeling invincible tonight  
I'm alive.  
Take a look into my eyes  
This time I will take you for a ride  
I'm invincible tonight!  
Bow down I'm invincible tonight  
I'm alive.  
Take a look into my eyes  
This time I will take you for a ride I'm invincible! I will waste you. (Invincible)  
When you can't escape me now  
(Invincible)  
I will break - (Invincible)  
you down... (Invincible)  
I'm feeling invincible tonight Take your time

Take a look into my eyes  
This time I will take you for a ride  
I'm invincible tonight!  
I'm feeling invincible tonight  
(Invincible)  
I'm alive.  
Take a look into my eyes, (Invincible)  
This time - (Invincible)  
I will take you for a ride  
I'm invincible tonight!  
Invincible  
Invincible  
Invincible
