

# My Heart

## K's Choice

Not so long ago  
We both felt love became a word  
No more than that  
With sex that felt like wings without a bird  
The only thing that we both love  
Is in the cradle that we rock  
Six hands, six feet, but just one beat  
The ticking of the clock  
I always heard I could get hurt  
(I knew that from the start)  
Break my face, my back, my arms, my neck  
But please don't break my heart  
Break my face, my back, my arms, my neck  
But please don't break my heart  
Solid wood will rot  
If you don't keep it from the rain  
We were surprised when we found out  
That love feels just like pain  
I always heard I could get hurt  
I knew that from the start  
Break my face, my back, my arms, my neck  
But please don't break my heart  
Break my face, my back, my arms, my neck  
But please don't break my heart
