

She Put a Seed in My Ear

Holy Wave

She wants a nobody
Invent her, warm her body
Not one like you or me
Someone to make her happy
I know, I know, I know, I know 'cause I know
She wants a new body
Invent her, warm her body
She's got a new body
Invent her, warm her body
I know, I know, I know, I know 'cause I know
She comes to me and there's no other
Oh woman, she put a seed in my ear
Oh woman, she put a seed in my ear
Oh my woman, she put a seed in my ear
Oh woman, she put a seed in my ear
