

# Weight of the World

[Chantal Kreviazuk](#)

I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly I don't know why I was so afraid  
All the time  
Memories seemed to bother me  
My whole life I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly  
I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly I don't know why I was so ashamed  
Such a waste of time  
And, and I don't know what we're trying to be  
All those lies  
I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly  
I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly Oh and there's always something  
Or somebody right behind  
Well we're not meant to be everything  
We're just a piece  
So spread your wings  
Oh I don't know why I was so afraid  
All the time I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly  
I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly  
I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly  
I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly  
High into the sky I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly  
I used to carry the weight of the world  
And now all I wanna do is spread my wings and fly
