## Rockie Fresh

ROCKIE FRESH FEAT. WALE & ARIN RAY - HOLD ONO-O-Okay, I'm posted at the spot

And I'm known to take my time  
I'm thinking dollar signs, but I got shorty on my mind  
She said we don't hang out enough  
Because I'm grinding all the time  
Grinding all the time  
Bitch, I'm grinding all the time  
I done pulled up, Beemers with my dogs  
If you putting in the work, you could kick it with a boss  
I been hustling' all day, she been callin' all night  
I pull up and then I got that thing right  
With my life, she know she  
Alright with me  
That's a real one, for sure  
She never hold back with me  
We goin' up, keep goin' up  
I pull up (Pull up)  
And she rollin' (And she rollin')  
I ain't 'bout to say a thing  
'Cause she know what's up (Girl, you know what's up)  
Won't spend no time (Spend no time)  
Can't afford it, ay (Can't afford it)  
We spendin' money, blow a bag  
So she know what's up She only wanna talk to me, yeah  
Tell her, hold on (Tell her hold on, tell her hold on)  
She steady wanna fuck with me, yeah (Steady wanna fuck with me)  
Tell her, hold on (Tell her hold on, tell her hold on)  
Yeah, yeah, look  
All you little rappers lookin' whack  
Go get your bars up  
I take your broad out somewhere far  
I leave her with her bra undone  
Man, these hoes be starstruck  
Man, these folks be washed up  
I can't be around no corny  
I be lookin' at y'all like salsa  
This cheese not yours, my guy  
She's life goals, my guy  
Seems so small, my guy  
I'm fee-fi-fo, my guy  
Chick gettin' a shot  
That's hella thick and she shy

Her conversation be dry  
But her box is Cinco de Mayo  
Oh, she alright Alright with me ('Ight)  
That's a real one, for sure (For sure)  
She never hold back with me  
We goin' up, keep goin' up  
I pull up (Pull up)  
And she rollin' (And she rollin')  
I ain't 'bout to say a thing  
'Cause she know what's up (Girl, you know what's up)  
Won't spend no time (Spend no time)  
Can't afford it, ay (Can't afford it)  
We spendin' money, blow a bag  
So she know what's up She only wanna talk to me, yeah (Yeah, yeah, yeah)  
Tell her, hold on (Tell her hold on, tell her hold on)  
She steady wanna fuck with me, yeah (Steady wanna fuck with me)  
Tell her, hold on (Tell her hold on, tell her hold on)
