

In My Mind (feat. Mi Manchi)

LVNDSCAPE

In my mind
i can change the street to sky
turn my pain on a paradise
in my mind, in my mind, in my mind
i remember when i walk trough a straight line
heavy heart in my chest
hell on to the darkness
I was looking for someone
one that help me to be strong
But i now found a place where i wanna be
In my mind
I can change the street to sky
turn my pain on a paradise
In my mind, in my mind, in my mind
Yeah who knows
where the lonely roads may go
but never be alone
in my mind, in my mind, in my mind
I believe a magic there i goes a spaceship
I believe in turning
nothing on to greatness
Come and get a stand act on a great pretender
I can give forever
most inside a dream
In my mind
i can change the street to sky
turn my pain on a paradise
In my mind, in my mind, in my mind
Yeah who knows
where the lonely roads may go
but never be alone
in my mind, in my mind, in my mind
uuuuh uh uh uuuuh
In my mind, in my mind, in my mind
Yeah who knows
where the lonely roads may go
but never be alone
in my mind, in my mind, in my mind
In my mind
i can change the street to sky
turn my pain on a paradise
in my mind, in my mind, in my mind

Yeah who knows
where the lonely roads may go
but never be alone
in my mind, in my mind, in my mind
uuuuh uh uh uuuuh
in my mind, in my mind, in my mind
(end)
