

Perfume

New Hope Club

People come and go
But you are always just seem
Stick around in show
But you are into me(oh oh oh)
But you left in ten in the morning
(oh oh oh)
Why are you still on my mind
Or worry about our plans
Cause I got those in my hands, yeahMy room
Still smells of your perfume
It's like I'm lying next to you
Tryin' to figure it out what you're all about
And I don't wanna lose -
The smell of your perfume,
From my room
When I'm feeling down
You always just seen
To chimmy out somehow
But lying next to me(oh oh oh)
You are here in ten in the morning
(oh oh oh)
You are always on my mind
Don't worry about our plans
Cause I got those in my hands, yeahMy room
Still smells of your perfume
It's like I'm lying next to you
Tryin' to figure it out what you're all about
And I don't wanna lose -
The smell of your perfume,
From my room
Is tearin' me, It's tearin' me apart
Didn't get a girl like you here in my arms
I don't wanna a half a heart, no oh
You left, you left way to soon
I wake up and I'm not next to you
But it left of your perfumeAnd my room
All I smells is perfume
This like I'm lying next to you
Tryin' to figure it out what you're all about
And I don't want to lose (lose, lose)
Hey!
My room

Still smells of your perfume
It's like I'm lying next to you
Tryin' to figure it out what you're all about
And I don't wanna lose -
The smell of your perfume,
From my room.
