

Love Blows

Lissie

I look around and all I see are the reminders of a dream that died
A sort of suicide, a love denied, a life incomplete
Sometimes, the best that you can do is just go silent and refuse to lose it
To choose your bruises and grit your teeth
Find your feet
I'm still the silly girl that's singing I need your love, I want your love
Can't get enough of your love
I need your love, I want your love
I can't go on without your love
But I'm just gonna say it, what everybody knows
Love blows
And I am stuck at 17 when all the boys thought I was bossy and the girls could be so mean
It's like I stopped growing, ooh, ooh
And now the look that's in his eyes, it's not for me
Another prize to win, she shimmies by for him and my light goes dim
And we, and all the silly girls keep singing I need your love, I want your love
Can't get enough of your love
I need your love, I want your love
I can't go on without your love
But I'm just gonna say it, what everybody knows
Love blows Blows
Blows
Blows
I need your love, I want your love
Can't get enough of your love
I need your love, I want your love
I can't go on without your love
Need your love, I want your love
Can't get enough of your love
I need your love, I want your love
I can't go on without your love
But I'm just gonna say it, what everybody knows
Love blows
