## DPR LIVE

DPR LIVE - Oh Girl Lyrics  
oh girl, won't you say some right now?

oh girl, oh girl, oh girl  
you make me feel strange  
in so many type of ways  
oh girl, won't you say some right now?

oh girl, oh girl, oh girl  
you make me feel strange  
in so many type of ways  
too many type of ways

neon neul oegyeoro mareul hae  
neoui mupyojeongeun anirae  
neoui umjigimeun majda hae

girl your strange  
girl your strange  
girl your strange

girl you drive me crazy  
girl you drive me crazy  
COMING TO YOU LIVE

my turn to drive you crazy  
(she goes crazy)

I'm gonna let it graze you  
(she goes insane)

the only conversation  
we're having is aggression  
we're levitated, illuminated  
everything we touch  
goes down to the floor

now sink it down black hole, woah  
oh girl, won't you say some right now?  
won't you say some right now?

oh girl, oh girl, oh girl  
you make me feel strange  
in so many type of ways  
oh girl, won't you say some right now?  
won't you say some right now?

oh girl, oh girl, oh girl  
you make me feel strange  
too many type of ways  
IITE COOL  
girl, I don't know how you do it

you got me guessing  
you keep my heart racing  
you keep my mind pacing  
is it love?

is it lust?  
either way we're here  
so I'm never letting you go  
(love how you keep me)girl, know you're a flower  
rainbow shower  
I'll hand you a towel  
now show me all your prowess  
A then B then it should be a C  
A then B but you give me a Z  
love it when your random and wild  
love it when you cry then  
you laugh really loud  
your my flower cause I water you  
no one does it like I do  
I mean tell me who you know  
that can take you out  
through the stratosphere,  
have dinner,  
and then make you smile,  
make you laugh,  
make you frown,  
make you happy,  
make you sad,  
make you dance,  
make you shy,  
make you try extra hard to have me  
I mean you already did  
I've put you in a song  
and you make em sing  
you made em sing..oh girl, won't you say some right now?  
won't you say some right now?  
oh girl, oh girl, oh girl  
you make me feel strange  
in so many type of ways  
oh girl, won't you say some right now?  
won't you say some right now?  
oh girl, oh girl, oh girl  
you make me feel strange  
too many type of ways
