

# Black Diamond

## 100 Monkeys

Such a pretty little thing  
Gave me a diamond ring  
Such a pretty little thing  
Ya get the mockingbirds to sing  
Such a pretty little thing  
I keep my shotgun shining  
For such a pretty little thing  
In the reflection smiling Oh, her papa moved on  
To the world beyond  
Oh, yes a man can run  
Into the setting sun  
When the work is done  
Black diamond  
White gold  
Black diamond I want you so...  
So closer (x4)  
Such a dirty little mind  
Take ya from behind  
Just wrapping up those ears  
And nothing good to hear So just don
