## **Lover Boy 88**

## 88rising, Phum Viphurit & Higher Brothers

```
I dedicated this song, for all my ladies
                              ????
                              ????
                              ?????
                          ??????????
                      Chengdu in the house
                      Nanjing?in the house
                         LA in the house
                    And Boston in the house
                      Shanghai in the house
                     Taiwan ?? in the house
                  We got Thailand in the house
                    And London in the house
            Wanderin' the streets all through the night
              Searchin' for the one to make me right
               Wonderin' if she's the shade of you
And if so should I try and see it through? Darlin' I got my trust issues
                   I'm warning you, stay away
                  If we meet at the rendezvous
         Take me away sunrayDarlin' I got my trust issues
                   I'm warning you, stay away
                  If we meet at the rendezvous
                      Take me away sunray
                          ??????????
                         ?????? ???????
                          ????? ???????
                        ??????????????
                          ????? ???????
                         ????????????
                          ??????????
                        ?????????????
               You are my motivation, inner reason
                        ???????present
                Baby girl you know my situation
  No matter what will happen you will always be my best friend
                          ??????????
                          ??????????
                         ????????????
                  ???????????????????????????
                       ?????????????????
                         ????????????
                          ??????????
