

Breathless

Cascada

Up town another endless night
Hearts break in early morning light
(Yeah) I take my time Downtown a lonesome boy at home
Don't know what's really going on
(Yeah) I take my time But underneath it all I know it feels so right
I feel I'm going crazy but I won't cry tonight Don't turn away
I need to say
You are the one who leaves me breathless
Don't run away
I wanna stay
As long as I can be with you
Now I know I never meant to break I promise
(Woah) I never meant to say goodbye
Don't turn away
I wanna stay
As long as I can be with you
If I could start it all again
I'd know you're more than just a friend
(Yeah) I turn back time But underneath it all I know it feels so right
I feel I'm going crazy but I won't cry tonight Don't turn away
I need to say
You are the one who leaves me breathless
Don't run away
I wanna stay
As long as I can be with you
Now I know I never meant to break I promise
(Woah) I never meant to say goodbye
Don't turn away
I wanna stay
As long as I can be with you
Come take my hand, lets break away,
Don't stop, don't be afraid,
Cuz I know,
Who will be forever. Don't turn away
I need to say
You are the one who leaves me breathless
Don't run away
I wanna stay
As long as I can be with you
Now I know I never meant to break I promise
(Woah) I never meant to say goodbye
Don't turn away

I wanna stay
As long as I can be with you Don't turn away
I need to say
You are the one who leaves me breathless
Don't run away
I wanna stay
You're the one who leaves me breathless.
