

Faded Love (feat. Future)

Tinashe

[Intro: Tinashe]

You on that faded love, love

Luh-luh-luh-luh-love

Love

You on that faded love, love

Luh-luh-luh-luh-love

Love

You on that faded love[Verse 1: Tinashe]

No, don't give me your name

No, I don't need your number saved in my phone

Just follow me, follow me, follow me

Follow me home

Wanna take off my rings in my California King

Let me get you alone

Just follow me, follow me, follow me

Follow me home

[Pre-Chorus: Tinashe]

Let's just feel this feelin'

Let's just feel this feelin'

High up as the ceilin'

Let's just, let's just feel this feelin'

Let's just feel this moment

We can make it last

Let's just feel this feelin'

Right now, right now[Chorus: Tinashe]

You on that faded love, love

Luh-luh-luh-luh-love

You on that faded love, love

Luh-luh-luh-luh-love

Love

You on that faded love, love

Luh-luh-luh-luh-love

Love

You on that faded love, love

Luh-luh-luh-luh-love

You on that faded love

[Verse 2: Tinashe]

I can feel every breath on the edge of my neck

Cigarettes and cologne

Just follow me, follow me, follow me

Follow me home

No, I don't know the time and I don't know what's next

But I know that it's on
Just follow me, follow me, follow me
Follow me home[Pre-Chorus: Tinashe & Future]
Let's just feel this feelin'
Let's just feel this feelin'
Try our best to seal it
Let's just, let's just feel this feelin'
Let's just feel this moment
We can make it last
Let's just feel this feelin'
Right now, right now[Chorus: Tinashe & Future]
You on that faded love, love
Luh-luh-luh-luh-love
You on that faded love, love
Luh-luh-luh-luh-love
Love
You on that faded
You on that faded love, love
Luh-luh-luh-luh-love
Love
You on that faded
You on that faded love, love
Luh-luh-luh-luh-love
You on that faded love[Verse 3: Future]
Before I give my white cup up
Before I give my white girl up
Before I give my half-Dominican girl up, I need real love
I'm on my fourth stripper of the day
I keep a full thoroughbred Jamaican
I'ma find your G-spot like you dropped your location
Man I'ma give all this shit up one day
Get some love from a video vixen on the runway
You can't hold it against a king, baby
You shoulda made me better, what I need
You shoulda upgraded me already
You shoulda made love to me already
I done spent a million on you already
I done bought diamonds for you already
If you love, you can teach me, wanna learn
Take you farther than Jerusalem when it's my turn
We so spiritually connected
We goin' in the right direction[Chorus: Tinashe & Future]
You on that faded love, love
Luh-luh-luh-luh-love
You on that faded love, love
Luh-luh-luh-luh-love
Love
You on that faded
You on that faded love, love

Luh-luh-luh-luh-love
Love
You on that faded
You on that faded love, love
Luh-luh-luh-luh-love
You on that faded love
