

Elouise

Chuck Prophet

I know you been to college
I can tell by how you walk
I know you been to college
I can tell by how you talk
Take off those glasses girl
let me feel your pain
Take off those glasses girl
I wanna feel your pain Elouise Elouise Elouise
Where on earth you going?
Been down at the gym
trying to be all I can be
A little discipline's
all you really need
Got a condo in Modesto
with a heated swimming pool
Talkin' condo in Modesto
with a heated swimming pool Elouise Elouise Elouise
Where on earth you going? I wanna take you higher...
Tell me true
Are you where you wanna be?
Are you ready to be challenged?
Are you ready to be free?
Free to make the kind of life
I know that you deserve
Free to make the kind of life
I think you know what I'm talking about Elouise Elouise Elouise
Where on earth you going?
