My Sweet Song

Toby Lightman

My Sweet Song
It's been a long time
What'd you come around here for?
Cause that old love is gone
And I've since carried on
Thought I was rid of you for sure

Oh my sweet, sweet song, you don't sound so sweet no morePlease don't sing to me

Cause it hurts me to hear the melody

That was good to me before

Oh my sweet, sweet song, you don't sound so sweet no more

Oh you said love was forever

And you told me

Love would never

Break my heart,

And I believed you as I fell

That's all over.

Let it go. You're

Just a song I used to know.

And your fantasy, it don't work for me

Go and pick on someone else

Oh you said love was forever

And you told me

Love would never

Break my heart,

And I believed you as I fell

That's all over,

Let it go. You're

Just a song I used to know.

And your fantasy, it don't work for me

Go and pick on someone else

My Sweet SongGuess I'm stuck with you

And someday, I'll find the love I'm looking for

Then my sweet, sweet, sweet song won't sound so sad no more

My sweet, sweet song, I'll guess I'll always be yours
