

New Karma

BRONCHO

Pull yourself together
And don't forget to tuck
We're at war daddy
It's the military Cut it long in the collar
Cut it high on the hip
Got that pleat in it baby
Just a military fit I'm on hold I'm on hold
And I just need a touch
Wouldn't dream of it
No it's the military You know my body's so stiff
Thank you very much
Hell I don't know what it is
That's just the military
You caught combat
It caught you
You got hi tech
I got it too
You gotta calm down
Calm me down
You should be down
Could you be down She wore a 36 long
With a 22 wide
It got that long bottom in it
It's a military fit And I'm feelin emotional
Because I really like it lo
It got that long bottom in it
It's just the military
You gotta force me
I'll force you
You caught the hunger
I caught it too
You don't gotta slim down
Slim me down
You should be down
Could you be down I had a sergeant she treated me right
She only knew how she could find me
At night
And I'm early And I'm feelin emotional
Because I really like it lo
It got that long bottom in it
It's just a military fit You can minimize the love
If you can minimize the risk

Darlin no shit
It's just a military fit And I'm on hold I'm on hold
And I really like it lo
Hell I don't know what that is
It's just the military kid She wore a 36 long
With a 22 wide
We're at war daddy
It's the military I found your letters
And I want you to know
I really need it
And it's ready to blow
I get high because I knew that I could
I get by because I knew that I could I'm rearranging and I wanted to show
A little something that I want you to know
I get high because I knew that I could
I get by because I knew that I could
I get high because I knew that I could
