

Do What You Do

Kalin and Myles

it's ybm on that thang tho
we ain't never promised tomorrow
nooo oh
so don't you get caught up in no drama
nooo oh and I know you wanna look like the models
yeah
but ain't nobody else like you
so go and do what you do
look okay
so lately I've been thinking a lot about the present
and what it really means to really be present
like
counting blessings and not really stressing
bank accounts are cool
but they say the best things in this life all come free
so tell me the real definition of what it means to succeed
might be a little different to what you see on tv
and it's a big big world past your cellphone screen
so keep your head up
and your eyes opened wide
and make sure that you're happiness starts from inside
listen to your heart
and you won't get a lie
and you're the only you
and that's hekka tight yeah
but confidence is key
believe in yourself
and I promise you'll see
don't let insecurity distractions make it hard for you
to see today actually happen cause
we ain't never promised tomorrow
noo oh
so don't you get caught up in no drama
nooo oh
and I know you wanna look like the models
yeah
but ain't nobody else like you
so go and do what you do
look
so think negative and you can see negative
but think positive and you can see positive
and I know this might sound a little random

but if you get the opportunity
don't be scared to give someone a compliment
wait stop the beat
lets just talk for a second
remember what I was saying about really being present
cause the song is about to be over in a minute
but if you get some time later
and then we back into it
I just had to make that clear
it's kinda crazy how we both ended up right here
cause I don't really know you
and you don't really know me
but I do know what's meant to be
will be
yeah
trust the journey that this life is gonna take you
be true to who you are
love yourself and embrace you
and everything else seems to fall into place
it's a beautiful day for today today
come on
we ain't never promised tomorrow
nooo oh
so don't you get caught up in no drama
nooo oh
you don't have to look like a model
nooo
but ain't nobody else like you
so go and do what you do
