

# The Get Down

[Arin Ray](#)

I'll be yours you'll be mine  
Together we, we oh so fly  
You take yours I'll take mine  
Let's have a drink to the best of nights  
'Cause I can't stand you dancing there  
All alone oh ooooooh The vibe will take you anywhere you wanna go (I know, I know, I know)  
I know dance with me feel the heat ooh  
Got to move ya body darling hold hands with me  
Dance with me, just feel the heat ooh  
Got to move ya body darling hold hands with me  
I need to see you turn around no pressure  
Seems like you been holding out  
Not with the run around  
I just need you showing out for me 'Cause I can't stand you dancing there  
All alone oh ooooooh  
The vibe will take you anywhere you wanna go (I know, I know, I know)  
I know dance with me feel the heat ooh  
Got to move ya body darling hold hands with me  
Dance with me, just feel the heat ooh  
Got to move ya body darling hold hands with me
