

Who Cares?

Gnarls Barkley

Basically I'm complicated
I have a hard time taking the easy way
I wouldn't call it schizophrenia
But I'll be at least 2 people today
If that's okay
And I can go on and on and on... but who
cares?
It's deep how you can be so shallow
And I'm afraid cause I have no fear
And I didn't believe in magic
Until I watched you disappear
I wish you were here
And I can go on and on and on... but who cares?
You see, everybody is
somebody
But nobody wants to be themselves
And if I ever wanted to understand me
I'll have to talk to someone else
Cause every little bit helps
And I can go on and on and on... but
who cares?
Feels like... the surreal life
But it's still nice
Wish I could live twice
But I still might
If these bones heal right
I see a little light
Though it's still night
Feels like... surreal like
But it's still nice
Wish I could live twice
But I still might
If these bones heal right
I see a little light
Though it's still night
And I can go on and on and on... but who cares?
And I can go on and on
and on... but who cares?
