

I Should See Memphis

Fleet Foxes

Endless vacation
Felt like perdition
Sybarite woman
Stood at attention
Pacing the basement, like Cassius in Rome
Or in Kinshasa
"Just let me at him"
Like First Manassas
Like Appomattox
I've got my teeth in it
I won't let go (But I gave you no option
Illusion of choosing
And if you wouldn't stop them
Then you just hate losing)
I miss the highway
I should see Memphis
She sees it my way
Her and Osiris
