

We Turn the World Around

Tanja La Croix

We live behind fear
running to the night
You tried about???
let the fire light
Oh we're coming home
we're coming home
We're coming home right now
'Cause I know
yes and no
We seal it off
We turn the world around
We turn the world around
We turn the world around
When your hope formed your life
Ready to break the spell
Just look above the sky
and see it's possible
We're coming home
we're coming home
We're coming home right now
'Cause I know
yes and no
We seal it off
We turn the world around
We turn the world around
We turn the world around
We turn the world around
We turn the world around
We turn the world around
We turn the world around
When your hope formed your life
Just look above the sky
End
