

Finally Home

Nathan East

The autumn leaves magically falling
And soon the snow will start to fly
Getting dark in my room, staring out at the moon
We were there together, in another time I sit here looking out my window
I hear your voice inside my mind
Miles away and I'm oh so lonely
But I'll hold on until I know I'm coming home Round and round, high and low
Out of all that I know
By the light of the sun
Everything I've ever done
You're my heart, you're my soul
Anywhere that I go
Know that when I'm in your arms
I'm finally home
